3. The remaining increase of \$1,000 involves primarily the establishment of [REDACTED] as a Station; EUR plans to reduce [REDACTED] by \$500 and [REDACTED] by \$500 and allocate \$2,000 to [REDACTED]. European Division has no criteria as to what the costs will be in [REDACTED] but the basic assumption is that costs (primarily for servant) will equate with [REDACTED].
